

THREE KILLED,

Four May Die, and Twenty Others More or Less Injured.

This is the Result of a Boiler Explosion in a Hollidaysburg Mill.

Cause of the Accident a Mystery—The Boiler Had Not Recently Been Repaired and Tested—A Portion of the Rolling Mill Completely Wrecked.

HOLLIDAYSBURG, Pa., Jan. 31.—The most disastrous affair that has happened in this section for years occurred here Thursday morning when a boiler exploded in a large rolling mill of the Hollidaysburg Iron and Nail Co. Three persons were killed, four may die and twenty others are more or less injured.

When the accident occurred about a hundred men were at work at the mill. A 30-foot cylinder boiler exploded without any warning, spreading death and ruin in its course. The report of the explosion was heard all over the town, and several blocks away houses were shaken and dishes were rattled on the breakfast tables.

In a short time a large crowd of people were collected. The cause of the explosion is a mystery. Engineer Kramer was standing by his engine at the time of the accident. He says the boiler had 100 pounds of steam on. He was not hurt. The boiler had been repaired and tested about sixty days ago. It is thought there was no water in the boiler. The boiler was placed over puddling furnaces and heated from their fires. When it exploded it blew open and went through the roof, tearing out the entire end of the mill, and was then hurled about 200 feet. It crashed through the mill roof, throwing the beams and iron in all directions, completely wrecking that part of the plant. As the steam escaped from the explosion the furnaces were demolished and stacks thrown down. A number of puddlers were buried in the ruins. The end of the boiler was found 500 yards from the mill. As soon as the steam and smoke cleared away the search for the victims beneath the ruins was begun. Lane, the bricklayer, was the first man found. He was discovered lying under the bricks and near an unexploded boiler, crushed to death. Cornelius Evans was found lying near the boiler with nearly the whole top of his head torn off. It is supposed he had gone to the shears just as the explosion occurred for material for stocking the furnace. Merrill Treese was found near a furnace with his skull fractured and burned in a horrible manner. Samuel Kephart, Samuel Marks, Robert Marks, Finley Ferguson and John Woerner were found in front of their furnaces covered with debris, where they had been struck down. The other injured ones were able to get out of the mill unaided.

Just before the explosion a tramp was seen cooking a piece of meat in front of one of the furnaces and it is supposed that he was killed and buried under the ruins, as he has not been seen since the accident. The loss to the company is about \$5,000, partly covered by insurance.

REPORTED FAVORABLY.

House Committee on Indian Affairs Acts on Several Bills.

WASHINGTON, Jan. 31.—The house committee on Indian affairs Thursday reported favorably on several bills giving railroads the right of way through the Indian Territory, amendments decreasing the amount of land allowed for terminal purposes. It was also decided hereafter to file with the secretary of the interior a plat of their roads so that companies can be required to keep to their lines. It was further agreed by the committee that hereafter roads should not be required to obtain the consent of the Indians before being granted a right of way. President Cleveland has vetoed several bills because the Indians did not fully consent to the right of way. The committee differ from him on this point and decided to establish a new rule, as far as they could do so.

An Amusing Case at St. Paul.

ST. PAUL, Minn., Jan. 31.—The most amusing case that has come before the courts of Minnesota in many a day, ended Thursday night in a verdict for \$3,500 against Thomas Jebb, a leading citizen, for alienating the affections of Mrs. A. L. Winslow. The testimony taken showed that Jebb had kissed Mrs. Winslow more than 2,000 times, and that he had practiced osculation in the Winslow family when the husband was present. Finally, however, Jebb decided his house to Mrs. Winslow, whereupon Winslow got angry and sued for \$25,000. The jury gave him \$3,500, or about \$1.75 for each kiss he had taken.

Peace at Elkhorn, W. Va.

ELKHORN, W. Va., Jan. 31.—The colored miners who threatened Wednesday to make trouble over the lynching of Alexander Jones, showed a much more peaceful disposition Thursday. They held another meeting Thursday night, but there was not the number present that was in attendance Wednesday night, and the majority are in favor of waiting the action of the grand jury with regard to the lynchings.

A Campaign of Blood and Fire.

LONDON, Jan. 31.—A dispatch from Madrid to the Central News says that as soon as Gen. Weyler, the new captain general of Cuba, arrives at Havana, he will issue a proclamation giving the rebels eight days to lay down their arms and surrender. If they do not do this he will then inaugurate a campaign of blood and fire against the rebels and their abettors.

Dixon-Palmer Fight a Draw.

NEW YORK, Jan. 30.—The six-round fight between Geo. Dixon and Pedlar Palmer resulted in a draw. The latter part of the fight was in favor of Dixon.

THE FIRST BREAK

In Hunter's Forces—Chambers Deserts Him and Votes for Judge Holt.

FRANKFORT, Ky., Jan. 31.—The first break in Hunter's forces came in the formal ballot Thursday. Chambers deserted him and voted for Judge Holt. The vote then stood: Hunter 64, Blackburn 56, Stege, of Louisville, voted for Congressman Evans. Since Dr. Hunter won't tell whether or not he is a naturalized citizen of the United States, a resolution was introduced into the house Thursday morning for the appointment of a committee to investigate the matter and find out whether from this cause the doctor is ineligible to a seat in the United States Senate. The resolution was ruled out of order, the speaker being a republican.

Bills Passed in the House.
WASHINGTON, Jan. 31.—The following bills were passed in the house Thursday: Directing the pension bureau in claims by widows for pensions to accept as evidence of the soldier's death proof of his unexplained absence for seven years; transferring to the state of Nebraska the military reservation of Fort Omaha for a school for instruction of the national guard of that state; to reorganize the customs collection district of Alaska; to open the forest reservations of Pike's Peak, Plum Creek and the South Platte, Colorado, in the Cripple Creek district to the location of mining claims; confirming certain cash entries of "offered lands" in the state of Alabama, Mississippi and Arkansas.

Dr. Kennedy Burned to Death.
PHILADELPHIA, Jan. 31.—Dr. Alfred L. Kennedy, a man of considerable scientific attainments as a metallurgist and geologist, was burned to death during a fire which occurred Thursday evening in his rooms in an office building on Third street above Walnut street. The origin of the fire is unknown, but as the rooms were littered with papers and manuscript, and as Dr. Kennedy was nearly 80 years of age it is supposed that in lighting the gas he set fire to some of the paper and was overcome by the smoke and was unable to make his escape.

Incendiaries Acquitted.
RALEIGH, N. C., Jan. 31.—The trials of three white men and one Negro for incendiary at Kingston, which have occupied eight days, ended Thursday with a verdict for the defendants, who were charged with having caused many fires and great loss of property. When the verdict was announced the judge said to the jury: "You have the consolation of knowing that you have turned loose four very guilty men."

The St. Paul Gold.
NEW YORK, Jan. 31.—W. H. Crossman & Bro. have deposited \$1,000,000 gold bars in the assay office, and \$100,000 gold coin in the sub-treasury, all taken from the steamer St. Paul. The kegs holding the gold bars were marked L. von Hoffman & Co., and Heidelberg, Ickelheimer & Co., showing they had not been opened on the other side after being shipped from here.

ST. AUGUSTINE, Fla., Jan. 31.—The United States cruisers Raleigh and Montgomery have been cruising along the coast Thursday afternoon, presumably in search of Cuban filibusters.

NEW GUNBOATS.

Plant Steamer Helena Launched at Newport News.

The Steamer La Grande Duchesse Also Added to the Marine Force.

The Helena is a Duplicate of the Wilmington—Secretary Herbert, Admiral Bance and Other Distinguished Naval Officials Witnessed the Launching.

NEWPORT NEWS, Va., Jan. 31.—The plant steamer was launched at 9:58 a. m. Thursday. The steamer was named "La Grande Duchesse."

The gunboat Helena was launched at 1:37 p. m., being christened by Miss Agnes Belle Steele, daughter of the mayor of Helena, Mont., in the time-honored manner. Both launches were entirely successful in every respect.

The gunboat Helena, added to the United States force afloat, Thursday, in the presence of Admiral Bance's mysterious squadron of evolution, is an exact duplicate of the Wilmington, launched with the cruiser Nashville from the adjoining ways of the Newport News Ship Building and Dry Dock Co. October 19 last, that occasion being made memorable by the presence of the secretary of the navy and a distinguished official party to witness the first tandem launch in naval records.

She is a 13-knot vessel of about 1,400 tons displacement, 250 feet long with the light draft of nine feet, adapting her for service in shallow rivers, and when in commission will carry a complement of 170 officers and men. A main battery of eight four-inch quick fire rifles, eight small rapid fire rifles and two Gatling guns is designed more for attacks against unfortified positions than for combat against other naval vessels, for it is intended that vessels of this class shall be kept in Chinese waters, and the harbor of countries near the tropics, for which purpose she has equipped with refrigerating apparatus and other appliances for the health and comfort of the crew. This vessel, like her sister ship, is electrically lighted throughout. The cost was \$280,000. Her godmother, who christened her Thursday, is Miss Agnes Belle Steele, daughter of the mayor of Helena, Mont., who was in attendance Thursday with an escort of 14 ladies and gentlemen, having come east solely for Thursday's function.

Assistant Secretary McAdoo, Rear Admiral Jewett, Naval Constructor Taylor, Assistant Judge Advocate General Lauchheimer, Lieut. Niblock, Veeder and Knapp and several others represented the navy department and the launch, and were among the distinguished guests of President C. P. Orcutt, of the ship building company at a luncheon following the ceremony.

The big coastwise passenger vessel of the Plant line, which preceded the Helena into the water Thursday, in some respects is also a valuable addition to the American navy, as she is constructed in compliance with the government requirements for auxiliary cruisers and is adapted for arming and commissioning whenever occasion arises. She is a steel vessel, 404 feet long, with 47 feet beam and besides a large freight carrying capacity, has accommodations for 300 first class and 400 second class passengers. One of her novelties is the installation of water tube boilers, supplying steam to 7,000 horse power engines, which should drive her at the rate of 20 knots.

SKELTONS DUG UP.

Pieces of Old Coin Also Excavated in Upper Sandusky.

UPPER SANDUSKY, O., Jan. 31.—Four more skeletons were found Thursday by the excavators who are constructing a cellar for W. J. Smith on his lot on South Seventh street.

Eight pieces of money were also found, seven being silver half dollars and one a silver dime. The dates vary from 1817 to 1832. The skeletons crumbled as soon as exposed to the air. Added to those exhumed Wednesday, the number is seven. The place was never a cemetery, consequently it is difficult to account for the skeletons being there. The finding of the money adds to the mystery.

Postell May Be Shelled.

FRANKFORT, Ky., Jan. 31.—It is thought now that Governor Bradley will withdraw the nomination of the Negro Postell to be steward at the Western asylum at Hopkinsville. A republican senator, indicated that he proposed to call up his nomination of Postell and have it passed on one way or the other. The governor told him that he preferred the matter be held up until he could receive some information he was expecting, and that he might withdraw the appointment and send in another name.

No Attention Paid to the Resolution.
MADRID, Jan. 31.—In official circles no importance is attached to the resolution reported to the United States senate by its committee on foreign relations in regard to Cuba, nor is any particular attention paid to it by the public in general. A special dispatch from Washington to the Imparcial describes it as laughable.

It's INJURIOUS TO STOP SUDDENLY, and don't be imposed upon by buying a remedy that requires you to do so, as it is nothing more than a substitute. In the sudden stoppage of tobacco you must have some stimulant, and in most all cases the effect of the stimulant be it opium, morphine or other opiates, leaves a far worse habit contracted. Ask your druggist about BACO-CURO. It is purely vegetable. You do not have to stop using tobacco with BACO-CURO. It will notify you when to stop, and your desire for tobacco will cease. Your system will be as free from nicotine as the day before you took your first chew or smoke. An ironclad written guarantee to absolutely cure the tobacco habit in all its forms or money refunded. Office of THE PIONEER PRESS COMPANY, St. Paul, Minn., September 7th, 1894. Eureka Chemical and Mfg. Co., La Crosse, Wis.—Dear Sirs: I have been a tobacco user for many years, and during the past two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physician told me I must give up the use of tobacco for the time being at least. I tried the so-called "Keeley Cure," "No-tobacco" and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago today I commenced using your preparation, and today I consider myself completely cured. I am in perfect health, and the horrible craving for tobacco, which every inveterate smoker appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it. Yours truly, C. W. HORNBICK.
